

The image displays the product details for a Swarovski 4230/S diamond. It features three views of the diamond: a 3D perspective view on the left, a top-down outline drawing in the middle, and a side-view technical drawing on the right showing the facets and girdle. Below these images is a vertical slider for selecting the color. The slider is currently set to 'Rhodium', indicated by a grey dot. To the right of the slider, the text 'Méret' (Size) is written vertically, followed by the dimensions 'MM 19,0X 12,0'.
